SECRETARY'S REPORT

The November meeting of the Wellesley Amateur Radio Society was held at its regular location on November 1st at 7:30 PM. President Al Graf, W1 OQP was moderator for the evening.

After the reading of the Treasurer's and Secretary's reports, President Graf questioned the group about the possibility of changing the monthly meeting night because quite a few members were attending a radio repair course at the High School. The Group agreed that Tuesday night would be best. Vice President, Fasolino brought up the need for more new members who were just getting started in Ham radio. ~~Lud Fasolino~~ and Bill Emerson voluntiered to visit the Novice course at the High School to obtain a list of those interested in the Society. Your Secretary wishes to thank them for supplying some new names for the Society's mailing list.

President Graf then introduced the featured speaker, Mr. George DeCoen, Civil Defense for the town who gave a most interesting talk on the National and Regional systems. He pointed out the need for more serious hams to join the 6 and 2 meter civil defense nets. He paid tribute to our former Secretary, Roger Smith, W1EOA for his current civil defense interest. Mr. DeCoen also pointed out the need for increased town appropriations for civil defense equipment.

The formal meeting was then adjourned and refreshments were served.

Respectfully submitted,

Walt. Lenk K1YTY
Secretary
